

# THE VALUE OF TRANSPORTATION SOLUTIONS

Solutions to Meet Your Needs

# ARMADA TRANSPORTATION SOLUTIONS

---

In today's consumer-focused market environment, getting products to their destinations on time, safe and in a cost-effective manner, is more important than ever. Supply chain performance and reliability are key factors in the success of your network and ultimately help drive the efficiency of your brand.

Since 2006, Armada has served our client's transportation needs by delivering outsourced solutions—managed by our experienced team of professionals and implemented across your supply chain for optimal performance results.

Our full-service freight management program provides best-in-class service levels and committed carrier capacity with cost stability as well as safety and security during transport. We execute your transportation needs on a common platform that enables your inbound freight to benefit from Armada's broad network with complete visibility and centralized accountability. Real-time tracking and reporting applications provide the latest performance metrics on your products and inventory.

# Solutions to Meet Your Needs

Outsourced, Centralized, Leveraged

# OUR APPROACH IS THE SECRET TO YOUR SUCCESS

**OUR ENGINEERING** team performs network analytics to identify cost savings and avoidance opportunities.

**OUR TRANSPORTATION OPERATIONS** team systematically executes your inbound supply chain requirements with safe, reliable, multi-modal partner carriers, including capacity support as needed. With a reputation as a “Shipper of Choice,” product integrity and safety are the focus.

**OUR FIELD SERVICES** team collaborates to build strong, effective network stakeholder relationships and drives operational efficiency and cost savings from improved system behaviors.

**OUR CARRIER PARTNERS**, who have designated Armada’s clients as a “Shipper of Choice,” ensure access to in demand capacity regardless of market fluctuation cycles and support all modes of transportation with a focus on product integrity and safety.

**OUR PROCESS** continuously manages, monitors and oversees your network from carrier procurement to freight bill audit and payment to stakeholder change management.
